Quality Policy Statement

As leading wholesaler, storage and distribution company in the food service sector we will aim to continue to grow nationally whilst operating a progressive and profitable business.

JJ Food Service Limited will meet its obligations to store and distribute to its customers, products that meet all industry standards.

The company is committed to provide customers with quality products in an excellent condition, sourced from reputable suppliers, with a high level of service.

We are committed to satisfy all applicable regulations, develop and implement the quality management system and continually monitor and improve its effectiveness.

Business objectives established in line with these policies will be reviewed regularly.

To achieve these goals we will train and develop our staff to progress within the company and enable their skills to improve the organisation's performance.

Mustafa Kiamil

CEO JJ Food Service Limited
